The purpose of the Harrisburg Civil War Round Table is to provide a congenial medium through which persons having a common interest in the events of the American Civil War — its causes and effects, engagements, personages, units, armaments and other things pertaining thereto — may satisfy that interest and broaden individual knowledge through discussion, lectures, field trips, and the exchange of books, papers, and other data.

Our purpose is also to support the preservation and protection of the battlefields, sites, landmarks, relics and collections of the period.
